

# JAA/EASA Instrument Rating (Aeroplane) Modular IR (A)

## WHO SHOULD DO THIS COURSE?

The Modular Instrument Rating (IR) course is specifically designed for students who are working towards the full CPL/IR or ATPL (A). With the modular multi engine IR (MEIR), students will receive the same high quality training as the Integrated course students but have the flexibility to manage the cost of training and work commitments over a longer period of time.

Applicants must have passed the JAA/EASA ATPL, or IR Theoretical Knowledge exams and completed or hold a MEP Class rating on a PPL or CPL. Following course completion, students will be qualified to fly any Single Pilot multi engine piston aeroplane for commercial purposes\* in accordance with instrument flying rules (IFR).

*\*Must hold a valid CPL*

## WHY SHOULD I CHOOSE PILOT TRAINING COLLEGE?

Pilot Training College is a JAA/EASA Approved Training Organisation (ATO) with training centres in United Kingdom (JAA UK/FTO), Ireland (JAA IRL/FTO-005-03) and USA (JAA IRL/FTO-009-08). PTC is recognised as one of Europe's leading providers of professional pilot training. PTC invests heavily in our staff and infrastructure and we have access to a fleet of modern aircraft and the very latest in technology and avionics. We believe that initial pilot training is critical to setting the values and practices that a pilot will carry throughout his or her career in aviation. PTC aims to provide a unique training experience which goes beyond the minimum regulatory requirements and prepares students and qualified pilots for the airline world.

## Course Summary

The Instrument Rating programme may be conducted as a Multi-engine course or a combination of Single engine & multi-engine:

### **PTC JAR4A IR - Single engine a/c/ME FNPTII/Multi engine a/c:**

PA28R Arrow – 20.0hrs                      Ground IR study – 48.0hrs  
FNPTII Multi engine – 20.0hrs              PA44 Seminole – 15.0hrs  
Including PTC Certificate of Competence – Oral examination 2.0hrs & Progress test 2.0hrs

JAA/EASA IR Skill Test conducted by an IR Examiner – 2.5hrs

*\*Credit of 10.0hrs may be available to holder of a CPL*

### **PTC JAR3 IR –ME FNPTII/Multi-Engine a/c:**

FNPTII Multi-Engine – 30.0hrs              Ground Study IR – 48.0hrs  
PA44 Seminole – 25.0hrs  
Including PTC Certificate of Competence – Oral examination 2.0hrs + Progress test 2.0hrs

JAA/EASA IR Skill test conducted by an IR Examiner – 2.5hrs

*\*Credit of 10.0hrs may be available to holder of a CPL*

*Note: PTC Cambridge JAA/EASA ATO approval pending (February 2012)*

## Training location

**Pilot Training College Cambridge**  
Cambridge Airport, United Kingdom

## Entry requirements

- Hold a JAA MEP/PPL and class 2 medical or
- Hold a JAA MEP/CPL and class 1 medical
- Completed IR (A) or ATPL Theoretical Knowledge examinations.
- logged solo hours (exemptions may apply)
- Completed 50.0hrs cross country flight time

## Fees

The cost of the MEIR is:

**PTC JAR 4A - £12,600**

**PTC JAR 3 - £12,995**

Fees include:

- MEIR ground training (48.0 hours)
- FNPTII Simulator training
- Flight Training \*
- Computerized scheduling
- Student email address and online flight planning portal
- Approach & Landing at Cambridge – one per flight

*\*See alternative courses for Single engine/Multi-engine*

Not included in fee:

- Any additional training hours (charged at standard rate)
- Professional pilot equipment
- Accommodation in Cambridge
- Travel costs to and from Cambridge
- Airport charges and fuel surcharges
- Approach & landings other airports
- Repeat exercises and examinations
- Examiner Skill test fees

Conversion and Upgrade courses Available

## Pilot Training College (PTC) Cambridge

PTC Cambridge operates modern Piper aircraft, (PA44 Seminole) and a FNPTII Frasca simulator. Cambridge airport provides a full commercial airport environment with a mix of Airline, Executive and training traffic. The surrounding airspace allows freedom of operation for all handling manoeuvres and practice emergency procedures.
